

RESOLUTION NO. 2022-06

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MONTE VISTA, COLORADO APPROVING THE RATE INCREASE TO THE CUSTOMERS OF THE MONTE VISTA SEWER ENTRIPRISE FUND

WHEREAS, The City Council recognizes that the Colorado Department of Public Health and Environment and the Environmental Protection Agency has placed requirements on our discharge permit that our existing wastewater facilities cannot meet; and

WHEREAS, the City Council recognizes the importance of being in compliance with all requirements and the importance of protecting our discharge receiving streams; and

WHEREAS, the City Council understands that building a new Wastewater Treatment Facility will require outside funding sources that will create a debt service for the City's Sewer Enterprise Fund. This debt service payment is beyond what our existing rate structure can provide. Payment of the debt service will require an increase in the rate structure; and

WHEREAS, the City Council believes that incremental annual increases are better for the community than a single large increase; and

NOW THEREFORE, be it resolved by the City Council of the City of Monte Vista;

The City Council adopts the following sewer rate increase schedule to be implemented annually on the June billing cycle through June 2024:
